ULTIMA Steel Hydraulic Hand Pump

Reduced handle effort and ergonomic grip for less operator fatigue. Vent free reservoir eliminates spills. Quick grip handle allows for easy transport. Integral reservoir over-pressurization protection. Two Speed, 41 in 3 Usable Oil #P-77 SB#284-00161

\$575

*Pump only

Electric Hydraulic Pump

The pump is best suited to power small to medium size cylinders or hydraulic tools. Two Speed, Manual valves provide advance/retract tool control. Lightweight and compact design. Large easy-carry handle for maximum portability. Two-speed operation reduces cycle times for improved productivity. 115 VAC 50/60-cycle universal motor will operate on voltages as low as 60 volts. 24 VAC remote motor control. Starts under full load. High strength molded shroud with integral handle. Designed for intermittent duty cycle. # PUJ-1200B SB#284-00480

\$2,970

Air Driven Hydraulic Pump

3/3 Valve, 61 in 3 Usable Oil, for use with Single-Acting Cylinder or Tool. Higher oil flow for increased productivity. Variable oil flow and fine metering for precise control. Closed hydraulic system prevents contamination and allows pump usage in any position. Pedal lock function for retract position. External adjustable pressure setting valve. ATEX Certified.* Includes ground screw for explosion protection. #XA-11 SB#284-00479

\$1,099

While Quantities Last

Flat Jac-Cylinders

Compact, flat design for use where other cylinders will not fit. Mounting holes permit easy fixturing. Baked enamel finish for increased corrosion resistance. CR-400 coupler and dust cap included on all models 1). Hard chrome plated high-quality steel plungers. Grooved plunger ends require no saddle. Single-acting spring return. Maximum operating pressure: 10,000 PSI

Order#	Model#	Capacity Tons	Stroke (in)	Price\$
14-20002	RSM-50	5	0.25	389.00
14-20003	RSM-100	10	0.44	552.00
284-00214	RSM-500	50	0.63	1,239.00

Single-Acting-Spring Return Hydraulic Cylinders

Unique GR2 Bearing Design, reduces wear, extending life. Base mounting holes enable easy fixturing. Designed for use in all positions. High strength alloy steel for durability. Redesigned cylinder thread protector for ease of use. Heavy-duty, pretensioned spring improves retraction speed. Baked enamel finish for increased corrosion resistance. CR-400 coupler and dust cap included on all models. Plunger wiper reduces contamination, extending.

Low Height Hydraulic Cylinder & Hand Pump Set

Optimum match of individual components. All sets are ready to use and include single-acting cylinder RCS-302, two-speed pump P392, 6 foot safety hose, calibrated gauge GF230P with gauge adaptor GA2. RCS-Series, low height cylinder for maximum versatility. #SCL-302H SB#284-00221
